#### CITAC Webinars

To maintain the momentum on knowledge sharing, CITAC has started an initiative to organise two series of webinars to promulgate the latest innovations and technologies via an online platform.

These are:

- ▶ Knowledge Sharing Series – to share the latest knowledge on innovations and technologies for the continuing professional development of our workforce
- ▶ Technology Adoption Series – to disseminate information on market-available innovative solutions aiming to facilitate B2B

Our initiative started in March 2020. We have organised five webinars since then with great success!

Want to watch the replay of our webinars? Follow our website to find out more!

#### CITAC Virtual Tour

In order to enable access to our CITAC exhibition while the Centre is temporarily closed due to the outbreak of coronavirus, we have prepared an online virtual tour of our exhibition area. You can now explore our exhibition in a fully interactive, completely immersive 3D environment online.

#### BIM Adoption Survey 2019 from Construction Industry Council

Construction Industry Council conducted a BIM Adoption Survey in 2019. This aims to establish a picture of the BIM adoption situation in the Hong Kong construction industry and a baseline for benchmarking BIM adoption. It explores the hurdles and opportunities in BIM adoption so as to recommend and develop strategies and actions to advance the BIM adoption in Hong Kong.
