CITAC Event Recap

Webinar on Emerging Digital Communication Tools in Construction Sites

Jointly organised by the Construction Industry Council, the Department for International Trade UK and Institution of Civil Engineers - Hong Kong Association, this webinar was successfully held on 21 May 2021. We are glad to know more about how digital technologies can enhance communication in the construction industry. If you missed out, don't worry! All i-Club individual members can now replay the event's recording online. i-Club Organisation Members are advised to encourage their staff to register as i-Club individual members to enjoy this benefit.

Austrian Tech for Hong Kong's Construction Industry

This year, the Construction Industry Council supported the Austrian Trade Commission's event "Austrian Tech for Hong Kong's Construction Industry". The event was a great success! Its panel discussion covered important topics for Hong Kong's urban development, with solutions ranging from digitalisation of public buildings, energy efficiency to sustainable building.

CITAC Exclusive Interview Series

Exclusive interview on Smart Construction Site Series

We are now entering the Construction 2.0 era and innovation is the key to improving capability and enhancing performance. In our exclusive Smart Construction Site Series interviews, we will introduce how construction sites in Hong Kong have improved productivity and efficiency, and enhanced project delivery outcomes using innovative technologies.

You can watch the first two episodes now!

First episode - The Expansion of Sha Tau Kok Sewage Treatment Works
